EasyTIG 20 - configurator

B2B-BAZA23-SPE20-X

Product description

SPARTUS® EASYTIG 20 TORCH

The **SPARTUS® EasyTIG** series offers classic welding torch solutions designed for simplicity and ergonomics.

TORCH BODIES

The Easy series handles are available with a standard or flexible torch body.

HANDLE AND MICROSWITCHES

The handle used in the **SPARTUS® Easy** grip provides comfort and a high level of control, necessary for precise torch handling, thanks to its ergonomic design and non-slip covering. The Easy handle is available with the following microswitch options: single 1B, double 2B, quadruple 4B UP&DOWN, and microswitch with a potentiometer.

CABLE PACKAGE

In EasyTIG handles, the cable package, marked with the symbol X, comes with a textile-rubber cover and a leather section behind the handle, along with a **basic set of consumable parts**.

CONNECTIONS

A wide range of connections allows for the use of **SPARTUS®** handles with the most popular welding devices available in the European market.

The presented handle image in the article is for illustrative purposes and depends on the options selected in the configurator and related products.
