## Product description

# SPARTUS® PROFLEX TIG 9 TORCH

SPARTUS® ProfFLEX TIG torches manufactured in Poland are characterized by high quality of components used and solid workmanship. A wide selection of torch bodies, handles, microswitches and cable packages allows you to meet the expectations of even the most demanding welders.

### CABLES

In the production of SPARTUS® ProfFLEX torches, a professional cotton braided

hose, made in the USA, was used. The high-density outer braid provides the highest level of flexibility, both at high and low temperatures.

### CABLE PACKAGES

In SPARTUS® ProfFLEX holders, 3 types of cable covers can be used. The „T” and „U” packages are manufactured in a textile-polyester cover, while the „X” package is made in a textile-rubber cover. The „U” and „X” packages also have a one-meter section of leather behind the handle.
