Product description

SPARTUS® PROFLEX TIG 20 TORCH

SPARTUS® ProFLEX TIG torches manufactured in Poland are characterized by high quality of components used and solid workmanship. A wide selection of torch bodies, handles, microswitches and cable packages allows you to meet the expectations of even the most demanding welders.

CABLES

In the production of **SPARTUS® ProFLEX** torches, a professional cotton braided hose, made in the USA, was used. The high-density outer braid provides the highest level of flexibility, both at high and low temperatures.

CABLE PACKAGES

In SPARTUS® ProFLEX holders, 3 types of cable covers can be used. The „T” and „U” packages are manufactured in a textile-polyester cover, while the „X” package is made in a textile-rubber cover. The „U” and „X” packages also have a one-meter section of leather behind the handle.
