## Product description

# SPARTUS® PROFLEX TIG 18SC TORCH

SPARTUS® ProFLEX TIG torches manufactured in Poland are characterized by high quality of components used and solid workmanship. A wide selection of torch bodies, handles, microswitches and cable packages allows you to meet the expectations of even the most demanding welders.

### CABLES

In the production of SPARTUS® ProFLEX torches, a professional cotton braided hose, made in the USA, was used. The high-density outer braid provides the highest level of flexibility, both at high and low temperatures.

### CABLE PACKAGES

In SPARTUS® ProFLEX holders, 3 types of cable covers can be used. The „T” and „U” packages are manufactured in a textile-polyester cover, while the „X” package is made in a textile-rubber cover. The „U” and „X” packages also have a one-meter section of leather behind the handle.

## TOOLBOX

SPARTUS® ProFLEX torches are equipped with a handy box containing consumables (toolbox).

## WIDE CHOICE OF CONNECTIONS

Thanks to the wide range of connections, SPARTUS® ProFLEX torches can be used with many market-leading welding devices.

*The picture of the handle presented in the article is illustrative and depends on the options selected in the configurator and related products.*
