Product description

SPARTUS® EASYTIG TORCH 26V with valve

The **SPARTUS® EasyTIG** series is a classic solution of welding torches designed with simplicity and ergonomics in mind.

TORCH BODIES

The torch body equipped with a valve allows for smooth regulation of the gas stream depending on the specific requirements of the welder.

HANDLES

Thanks to a handle with a single microswitch, dedicated to work with machines equipped with a control connector for contactless ignition.

WIRE PACKAGE

For solutions with control in the handle, a cable package is available, marked with the D symbol, which is in a rubber. Package comes with a basic set of consumables.

CONNECTIONS

A wide range of connections enables the use of SPARTUS® EasyTIG torches with a valve and control in the handle with the most popular welding devices available on the European market.

The picture of the handle presented in the article is illustrative and depends on the options selected in the configurator and related products.
