Product description

SPARTUS® LS87 LASER WELDING HELMET - FULL PROTECTION DURING LASER WELDING

The SPARTUS® laser welding helmet combines safety and working comfort. It is an essential tool during operations using a laser welder.

WIDE FIELD OF VIEW

The welding helmet provides a wide field of **view with dimensions of 112x120mm**. This allows you to follow the welding process without any visibility restrictions.

HIGH-CLASS PROTECTION

The SPARTUS® laser welding face shield protects against harmful laser radiation.

- **Wavelength range:** 900-1100nm OD7+
- **DIN protection class:** 4
- **Filtering highly specialized:** 900-1100nm D LB6 + IR LB7 LP S

COMFORT AND DURABILITY

The face shield has been designed with comfort and durability in mind. Its ergonomic shape and comfortable mounting ensure stability and comfort of wearing for a long time, even with intensive use.
