# Product details: Vortex 160 extraction arm - 2m, standing model

product code: SP030-10-162P product ean: 5900391249277

## **Product variants**

Index

Vortex 160 extraction arm - 2m, standing model SP030-10-162P

Vortex 160 extraction arm - 3m, standing model SP030-10-163P

# **Product description**

#### Vortex extraction arms

Vortex arms are modern technological solutions in air pollution elimination, capturing contaminants directly at their source. Their innovative design features rotating bases, tubes made of smooth steel, a versatile suction cup nozzle with a functional handle, and an adjustable throttle

for air flow control. Thanks to these features, Vortex arms have set new standards in ventilation.

- **Smooth steel** minimizes flow resistance and reduces noise levels, while also preventing the buildup of contaminants.
- External joints allow for easy adjustment without interrupting work.
- **Long-lasting performance** Vortex arms are designed for continuous use, making them an ideal choice for highdemand environments.

### **Technical details**

Model	Standing
Reach	2m
Diameter	160mm
Nozzle	315mm
