

product code: **SP030-06-202**  
product ean: **5900391249550**

**Standard equipment:**

- Vortex 200 extraction arm 2m
- ClearStream 2000 mobile air ventilation system

**Additional paid options:**

- LED lighting in the nozzle
- Automatic operation sensor for welding

processes

- HEPA filter
- EC motor

Order fulfillment time - 2 weeks

Made in EU

## Product variants

<b>Mobile welding fume extractor ClearStream 2000 2m</b> SP030-06-202	<b>€5,932.37 / pc</b> Net price
<b>Mobile welding fume extractor ClearStream 1000 2m</b> SP030-06-002	<b>€4,184.80 / pc</b> Net price
<b>Mobile welding fume extractor ClearStream 1000 3m</b> SP030-06-003	<b>€4,218.28 / pc</b> Net price
<b>Mobile welding fume extractor ClearStream 2000 3m</b> SP030-06-203	<b>€5,994.87 / pc</b> Net price
<b>Mobile welding fume extractor ClearStream Duo 2000 2m</b> SP030-06-302	<b>€6,434.55 / pc</b> Net price
<b>Mobile welding fume extractor ClearStream Duo 2000 3m</b> SP030-06-303	<b>€6,501.51 / pc</b> Net price

## Product description

### Mobile Welding Fume Extractors SPARTUS® ClearStream 2000

**ClearStream 2000** is designed for effective filtering of dust generated by activities such as welding, grinding, cutting, and processing of plastics and metals. This model utilizes an advanced, three-stage filtration system. Preliminary cleaning is done using a metal filter that captures larger particles and sparks. Next, the main cartridge filter thoroughly removes

minor contaminants. Final cleaning is provided by activated carbon-coated fabric. **ClearStream 2000** is equipped with a manual system for cleaning the main filter using compressed air (it has its own 20-liter tank), which increases its efficiency and extends its lifespan. The device is recommended for applications requiring continuous air quality control.

- **Advanced filtration:** Utilizes a three-stage filtration process, ensuring effective removal of various air contaminants.
- **High performance:** Filtration capacity of 2000 m<sup>3</sup>/h ensures efficient air cleaning.
- **Full mobility:** The housing equipped with wheels (including two swivel wheels) ensures easy movement.
- **Easy filter cartridge handling:** The design provides easy access and handling of the filters, facilitating their regular cleaning and maintenance.

Applications:

- Welding work requiring continuous extraction
- Work at repair stations
- Local ventilation (excluding corrosive and aggressively acting fumes or chemical gases)
- Professional use
- Protecting employees' health and improving working conditions

## Technical details

<b>Model</b>	-
<b>Reach</b>	<b>2m</b>
<b>Flow</b>	<b>2000 m<sup>3</sup>/h</b>
<b>Noise level</b>	<b>75 dB(A)</b>
<b>Power</b>	<b>2,2 kW</b>
<b>Input</b>	<b>~3× 400V ± 10% 50 / 60 Hz</b>
