<b>Vortex 200 extraction arm - 2m, standing model</b> SP030-10-202P	<b>€973.11 / pc</b> Net price
<b>Vortex 200 extraction arm - 3m, standing model</b> SP030-10-203P	<b>€1,040.06 / pc</b> Net price

## Product description

### Vortex extraction arms

Vortex arms are modern technological solutions in air pollution elimination, capturing contaminants directly at their source. Their innovative design features rotating bases, tubes made of smooth steel, a versatile suction cup nozzle with a functional handle, and an adjustable throttle for air flow control. Thanks to these features, **Vortex** arms have set new standards in ventilation.

- **Smooth steel** - minimizes flow resistance and reduces noise levels, while also preventing the buildup of contaminants.
- **External joints** - allow for easy adjustment without interrupting work.
- **Long-lasting performance** - Vortex arms are designed for continuous use, making them an ideal choice for high-demand environments.

## Technical details

<b>Model</b>	<b>Standing</b>
<b>Reach</b>	<b>2m</b>
<b>Diameter</b>	<b>200mm</b>
<b>Nozzle</b>	<b>350mm</b>
