

product code: **T-308LSI-20-100**  
product ean: **5900391250983**

**Standards:**

EN 13479  
EN ISO 14343-A-W 19 9 LSi  
AWS A5.9 / ASME SFA5.9 ER 308LSi

**Approvals:** TÜV, DB

## Product variants

Index	Price
<b>Welding rod ER308LSi 2.0mm 1kg</b> T-308LSI-20-100	<b>€7.83 / opak</b> Net price
<b>Welding rod ER308LSi 2.0mm 5kg</b> T-308LSI-20-500	<b>€30.80 / opak</b> Net price

## Product description

### SPARTUS® ER308LSi welding rod

SPARTUS® ER308LSi is a premium stainless steel TIG welding rod, designed for welding austenitic stainless steels. Its excellent mechanical and corrosion-resistant properties make it essential for a wide range of industrial applications.

Key features:

- **Outstanding corrosion resistance** - ensures strong, long-lasting, and reliable welds.
- **High mechanical strength** - delivers durable, quality, and aesthetically pleasing welds.
- **Versatile application** - compatible with various grades of austenitic stainless steels.

Applications:

- **Welding of 18%Cr / 8%Ni steels** - including AISI 304, 304L, and 308LSi.
- **Industrial fabrication** - perfect for welding components requiring superior corrosion resistance and durability.

## Technical details

<b>Intended Use</b>	<b>stainless steel</b>
---------------------	------------------------
