

product code: 045-06-060HP
product ean: 5900391251348

High-Performance rotary burrs are designed to meet the most demanding applications in the machining industry. Thanks to the TiAlN coating, HP rotary burrs are highly resistant to high temperatures and oxidation. This coating not only provides the rotary burrs with exceptional hardness but also reduces friction between the tool and the material. These rotary burrs are especially recommended for use with hard steel alloys.

Ball nose tree rotary burr - long 12x25x6/175	045-06-127-175
Ball nose tree rotary burr 12,7x25x6/70 HP	045-06-127HP
Ball nose tree rotary burr 16x25x6/69	045-06-160
Ball nose tree rotary burr 12,7x25x8/69	045-08-127
Ball nose tree rotary burr 16x25x8/70	045-08-160

Technical details

Type	tree
------	------

Diameter of the working part (D1)	6mm
The length of the working part (L2)	16mm
Total length (L1)	50mm
Pivot diameter (D2)	6mm
Use	for general use (especially for hard metal steel alloys)
