

product code: 051-06-060HP
product ean: 5900391251461

High-Performance rotary burrs are designed to meet the most demanding applications in the machining industry. Thanks to the TiAlN coating, HP rotary burrs are highly resistant to high temperatures and oxidation. This coating provides the rotary burrs with exceptional hardness. These rotary burrs are especially recommended for use with hard steel alloys.

Technical details

Type	stożkowy
Diameter of the working part (D1)	6mm
The length of the working part (L2)	18mm
Total length (L1)	50mm
Pivot diameter (D2)	6mm
Use	for general use (especially for hard metal steel alloys)
