Product description

SPARTUS® EASYTIG 20 TORCH

The **SPARTUS® EasyTIG** series is a classic solution of welding torches designed with simplicity and ergonomics in mind.

TORCH BODIES

Easy series torches are offered with a standard torch body (or a flexible version available in the configurator).

HANDLES

The handle used in the **SPARTUS® Easy** holder, thanks to its ergonomic design and non-slip lining, provides comfort and a high level of control, necessary for precise guidance of the torch.

WIRE PACKAGE

In **EasyTIG** torches, the set of cables, marked with the X symbol, is in a textile-rubber sheath with a section of leather behind the handle and a basic set of consumables.

CONNECTIONS

A wide range of connections enables the use of SPARTUS® torches with the most popular welding devices available on the European market.

The picture of the handle presented in the article is illustrative and depends on the options selected in the configurator and related products.
