

product code: **EASYARC205-PAK**

product ean: **5900391242216**

Package equipment:

- EasyARC 205
- electrode holder
- work clamp
- box
- shield
- hammer with a brush
- shoulder strap
- user's manual

Product description

TINY, PORTABLE MMA INVERTER.

SPARTUS® EasyARC 205 is a compact inverter welding machine based on IGBT transistors. Allows to MMA and TIG Lift DC welding. It is powered from single phase 230V source power.

The welding current is in the range between 10 to 200 amps. It has power enough required for welding electrodes diameter up to 4,0 mm. Integral digital display allows to precise control of welding parameters.

Welder with accessories, can easily fit in a handy suitcase which is included.

Examples of applications: light industry, farm, repair works in the field, workshop.

Technical details

Input	~1× 230V ± 10% 50 / 60 Hz
MMA welding current	10 - 200A
MMA duty cycle [%]	60%
No-load voltage	82V
VRD	yes
TIG Lift	yes
Current consumption	42A
Power factor (cosφ)	0.76
Efficiency η	85%
Insulation class	H
Protection class	IP21S

Weight

4kg

Dimensions

270 x 130 x 200mm
