## Product description

The SPARTUS® rotary tables have been specially designed to work in a vertical position. Adjustable start at smooth rotation with smooth braking is due to the use of the highest class inverter-controlled motors. The compact and compact design of the device provides good access to the workpiece, allowing for precise and comfortable work.

Control interface: manual control panel + foot switch (on separate wires)

Advantages:

- inverter-based motor control
- control pendant for work control
- foot switch
- safety button

*With an additional payment, it is possible to change the control interface to manual control panel + two foot / right-left buttons (on separate wires) or integrated, free-standing control panel.*
