

product code: SP28W-24-12-PE

Product variants

Index	Price
HERMES 3D mobile lift welding table 2400 x 1200 (electrohydraulic version) SP28W-24-12-PE	€13,239.59 / pc Net price
HERMES 3D mobile lift welding table 2000 x 1000 (electrohydraulic version) SP28W-20-10-PE	€10,323.25 / pc Net price

Product description

RELY ON COMFORT DURING WELDING, BY USING THE HERMES TABLES!

S355J2+N STEEL

Welding table top is made of S355J2+N steel grade, which is characterized by high strength and resistance to impact and deformation, and also provides protection against corrosion and weld spatter.

25mm TABLE TOP

The table top with a thickness of 25 mm guarantees the durability of the table and resistance to mechanical damage.

MILLIMETRIC SCALE

The applied millimeter scale facilitates precise assembly of the element to be processed.

D28 SYSTEM

Drilled and chamfered holes 28mm.

The use of SPARTUS® mobile lift welding tables brings many benefits that translate into more effective and comfortable work.

HEIGHT PRECISE ADJUSTMENT

Setting the table top at the right customised height enhances the level of comfort during the performance of lengthy tasks, which has a significant impact on the work efficiency and welding quality. The working height of the lift (without the table top) is adjustable in the range from **525mm to 1325mm**.

LIFT CAPACITY

Lifting system with a **high capacity of maximum 3000kg** (without the table top) allows you to load the unit with large-size elements and apply accessories to facilitate element assembly.

SAFETY

The mobile lift is equipped with two protections:

maintenance interlocking system

limit switch - crushing protection
