

product code: SP28W-24-12-PE

## Product variants

Index	Price
<b>HERMES 3D mobile lift welding table 2400 x 1200 (electrohydraulic version)</b> SP28W-24-12-PE	<b>€13,239.59 / pc</b> Net price
<b>HERMES 3D mobile lift welding table 2000 x 1000 (electrohydraulic version)</b> SP28W-20-10-PE	<b>€10,323.25 / pc</b> Net price

## Product description

### RELY ON COMFORT DURING WELDING, BY USING THE HERMES TABLES!

#### S355J2+N STEEL

Welding table top is made of S355J2+N steel grade, which is characterized by high strength and resistance to impact and deformation, and also provides protection against corrosion and weld spatter.

#### 25mm TABLE TOP

The table top with a thickness of 25 mm guarantees the durability of the table and resistance to mechanical damage.

#### MILLIMETRIC SCALE

The applied millimeter scale facilitates precise assembly of the element to be processed.

#### D28 SYSTEM

Drilled and chamfered holes 28mm.

**The use of SPARTUS® mobile lift welding tables brings many benefits that translate into more effective and comfortable work.**

### HEIGHT PRECISE ADJUSTMENT

Setting the table top at the right customised height enhances the level of comfort during the performance of lengthy tasks, which has a significant impact on the work efficiency and welding quality. The working height of the lift (without the table top) is adjustable in the range from **525mm to 1325mm**.

### LIFT CAPACITY

Lifting system with a **high capacity of maximum 3000kg** (without the table top) allows you to load the unit with large-size elements and apply accessories to facilitate element assembly.

### SAFETY

The mobile lift is equipped with two protections:

**maintenance interlocking system**

**limit switch - crushing protection**
