**i** INFORMATION

**HIGH QUALITY**

The silicone used in the mask provides lightweight and excellent facial fit, giving a sense of softness. The material used ensures the product's durability and easy maintenance.

**COMFORT**

The flexible and adjustable straps make it easy to fit the mask to any face shape. This ensures that the product is comfortable and does not restrict movement.

**ERGONOMICS**

The contoured SPARTUS® half mask does not limit the field of vision. It also allows for the use of other personal protective equipment, such as safety glasses.

**COMMUNICATION**

A specially designed communication insert enables seamless communication without muffling or distorting the voice while maintaining all safety measures.

**FILTRATION**

The dual filtration used in the half mask reduces breathing resistance and balances the weight of the respirator. The replaceable filters make the half mask a reusable product suitable for various types of hazards. The bayonet mount of the filters allows for easy and quick replacement.
